St John Fisher RC Primary School
Reception Maths Knowledge Organiser
Autumn Two - Block 4 – Circles and triangles

Objectives

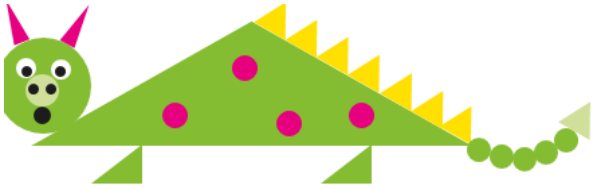

-I know that triangles have 3 straight sides and 3 corners
-I know that circles have 1 curved side
-I can use positional language to describe where objects are

Triangles have **3 straight sides** and **3 corners.**

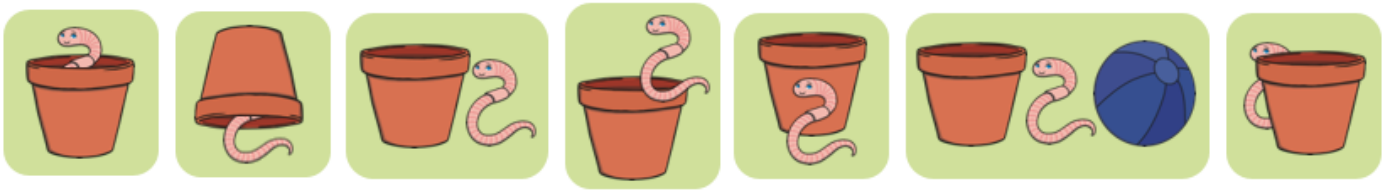

Circles have **1 curved side.**

Can you talk to me about where the worm is in each of these pictures?

Key Vocabulary
circle
triangle
side
straight
curved
position

Assessment

Which of these photos are showing triangles? Which are showing circles? How do you know?

How could the pirate get to the treasure? What might she pass? Is there more than one way to get there? Can you describe a path that will take her past the mermaid and to the treasure?
