

TT Rockstars for Reception parents.

Log in to you child's TT Rockstars account. It might ask for the school's post code, which is M24 2PB.

Your child's account has been set and locked to 'Autotrain'.

Click on 'Gig' to answer 100 questions. TT Rockstars will then create a Times Table journey based on your child's score and will set the times tables that they need to practice the most.

Teachers can set challenges here or children can play quick times tables games.

These games allow the children to play against others in their class, school or throughout the world.

TT rockstars recommends 3 to 4 practices per week.
