Year 1 Maths Knowledge Organiser

Autumn Term One – Addition and Subtraction

Objectives	Self-Assessment	Teacher
I can recognise parts and a whole.	😊 😐 😞	
I can recognise and use the part-whole model.	😊 😐 😞	
I can write number sentences.	😊 😐 😞	
I can recognise number families and addition facts.	😊 😐 😞	

Addition and Subtraction – Number bonds and related subtraction facts

$1 + 9 = 10$	$4 + 6 = 10$	$0 + 10 = 10$
$9 + 1 = 10$	$6 + 4 = 10$	$10 + 0 = 10$
$10 - 1 = 9$	$10 - 4 = 6$	$10 - 0 = 10$
$10 - 9 = 10$	$10 - 6 = 4$	
$3 + 7 = 10$	$2 + 8 = 10$	$5 + 5 = 10$
$7 + 3 = 10$	$8 + 2 = 10$	$10 - 5 = 5$
$10 - 7 = 3$	$10 - 2 = 8$	
$10 - 3 = 7$	$10 - 8 = 2$	

Key Vocabulary

Number bonds	Different ways of making numbers.
Addition	Adding one quantity to another.
Subtraction	Taking one quantity away from another.
Commutative	Gives the same answer.
Equals	The same as.
Total	The amount altogether.
Part- whole model	A pictorial representation of the relationship between numbers.

Assessment

Can you write the different number bonds and related addition and subtraction facts for number 6?
